#### What Dun's Traveling Agent Says.

'and I want to state it with all sincer- home, ity, and with no purpose of flattery, that the EAGLE is doing more to attract business to Wichita than any other agency. I find in my travels everywhere merchants reading the EAGLE. The business advertising page is doing a world of good, as it shows merchants everywhere the names of the business institutions and what they keep. I never, in all my ife, recognized the power of a good newspaper, in the good it can do for its city, so fully and clearly as I have done since I became acquainted with the commercial trade of southern Kansas and Oklahoma."

Pullman.

46 inch French serges, all wool. CHICAGO, Aug. 21.—The governor touight issued the following proclamation addressed: "To the people of the state of Illinois, and especially to those of the city of Chicago:

"There is great distress growing out of the want of food in and around the town of Puliman. More than 1,000 families, or in the neighborhood of 6,000 people, are uterly destitute. Nearly four-fifths of them are women and children. The men have endeavored to get work but were unable to do so.

"As a rule the men are a superior class of laborers-industrious, capable and steady. and some of them have worked for the Pullman company for more than ten years. Those who have been given work can get food, but are still in such an impoverished condition that they cannot help their neighbors if they would. The relief society is unable to get more supplies. On last Saturday it gave to each family two pounds of ost meal and two pounds of orn meal, and having nothing left it suspended operations, leaving the people in an absolutely helpless condition. The county commissioners of Cook county as (0) overseers of the poor, have rendered some assistance, but owing to the limited ap-propriation, they can furnish relief but for a short time Shirt waists that sold for \$6.50, ) Shirt waists that sold for \$5.00.
